

REMARKS

Upon review of the claims submitted with the previous response, an inadvertent omission was noted in claim 13. By this supplemental response, claim 13 has been amended to correct this inadvertency. In addition, the paragraph on page 24 of the specification has been further revised to provide a literal antecedent basis for the terms used in the pending claims.

For the reasons advanced in the previous response,  
the application is now believed to be in allowable form.  
Accordingly, favorable reconsideration and passage of the  
application to issue are respectfully requested.

Respectfully submitted,
